Subject No. 26.

Repair, restoration and endowment of Kigga Temple.

Summary of discussion.—Repair and restoration and endowment of Kigga Temple are urgent and important. About Rs. 5,000 worth of work has to be carried out. The promised grant of Rs. 1,000 is thus insufficient. It is a famous temple, held in high respect and entered in the list of structures to be cared for on account of their historical or architectural importance.

Dewan's reply.—Government will give the wood and a small money grant in addition towards repair and restoration of the temple, and the devotees should find the remainder. This is the general rule. To what extent exceptional help for repairs would be justified in the present case owing to historical and architectural interest of the building is a question which will be duly considered after consulting local officers. The restoration of the endowment is under the consideration of Government and early orders will be passed.

Order - No 3844/71 D/ 2nd July 91

The attention of the Deputy Commissioner, Kadir Distt, is drawn to subject No 26 brought up at the meeting of the Dasara Representative Assembly held in October 1890, (repair, restoration and endowment of Kigga temple) and with reference to the Dewan's reply, the Deputy Commissioner is requested to submit a full report of the circumstances of the case, with the Deputy Commissioner's own opinion and recommendation.

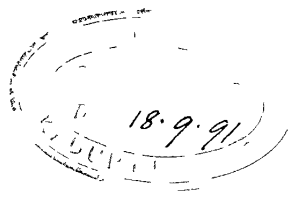
No 326 Encl



To

The Chief Secretary to the
Government of Mysore
Bangalore.

Sir,

With reference to Proceedings of Government No 3844/71 dated 23 July last, I have the honor to forward for information a copy of Mysore Officers Letter No 288 dated 11/14 Th inst regarding the repairs to be executed to the Sringeswara temple at Kigga in the Koppa Taluk

No regular estimate has been prepared but it is estimated at random that a sum of ~~Rs~~ 10,000 may be required to put the temple in thorough repair. The temple does not appear to be noted for its sculpture or architecture - but seems to come within the meaning of para 6 of circular No 4 dated 3 October 1871, according to which Government can sanction a mouty

of

of the cost,
is paid by the
on the upkeep of the temple.
temple managers have stated their
willingness to pay only one fourth
of the cost; but it cannot be ac-
-cepted, unless the Government is
prepared to treat the case of this
temple as a special one. It appears
to me that first of all a regular
Estimate should be made of the
total cost required for the repair;
and as the work is a very large
one, the Public Works Department
may be requested to have the estimate
prepared and when that is done
the question as to what portion of
the cost should be borne by the
Community & what portion should
be paid from Government may be
considered and decided.

The Surplus fund at the credit
of this temple in the Muzrai Account
is only Rs 4-9-4 the sum of ~~Rs~~ 5-25
which is under No management
funds being required for the
routine

routine expenses of the temple.

Sir,

In reply to your docket no: 797 dated 7th ultimo anent the repairs &c of the Kigga temple, I have the honor to state that the Amildar of Koppa reports that repairs do not seem to have been executed to the temple at any time by Government, that about 10,000 rupees would be required for the repairs of the Garbhagudi Yadanad (a small Verandah next to Gurbhogudi) Rudramantapa and a part of Chandrashala of the temple, that the devotees have promised to contribute ¼

Vahivotdar viz

has besides repaired a portion of Chaindra-

already and that no previous record
is forth coming to show that the —
Government had ever granted any
amount towards the repairs of the
temple.

I beg to recommend for the
consideration of the Government the question
of paying the moiety of the Cost of repairs
from the Government.

the verandah with
to Rs 925/- and ~~[illegible]~~ do
this item absolutely necessary together
the item of 5% Contingencies. If this
is deducted it would lower the Estimate
to Rs 765/-. Of this amount the temple
Manager Vishveswariah states that he
can only get Contribution to the extent of
Rs 65/- which if accepted would further lower
the amount to be Sanctioned to Rs 695/-

I may mention that prior to the
estimate being made, repairs to the temple
had been Carried out privately by Vs
amounting to Rs 150/-

There is no doubt that the temple is very
badly in want of repair and I see no way
of Cutting down the Estimate any further than
that which I have proposed.

I therefore request that the Sum of
Rs 700/- be Sanctioned for the repairs of this
temple
